

U.S.A. OUT OF IRAQ

RALLY & MARCH TO U.S. EMBASSY

Civilian Death Toll In Iraq Exceeds 100,000

“Violent deaths were widespread, reported in 15 of 33 clusters, and were mainly attributed to coalition forces.

“Most individuals reportedly killed by coalition forces were women and children. The risk of death from violence in the period after the invasion was 58 times higher than in the period before the war.”
